

BOARD OF ADJUSTMENT

MONDAY, APRIL 4, 2016

6:30 P.M.

CITY HALL - COUNCIL CHAMBERS

**BOARD OF ADJUSTMENT
CITY OF MIAMI SPRINGS, FLORIDA**

**AGENDA
Regular Meeting
Monday, April 4th, 2016
6:30 p.m.
Council Chambers
City Hall**

Chairman Manuel Pérez-Vichot	Board member Bill Tallman
Vice Chair Ernie Aloma	Board member Juan Molina
Board member Bob Calvert	Alternate Alejandro J. Gonzalez

1. **CALL TO ORDER AND ROLL CALL**
2. **APPROVAL OF MINUTES OF REGULAR MEETING**
 - A) **January 4, 2016**
3. **SWEARING IN OFF ALL WITNESSES AND ZONING AND PLANNING DIRECTOR**
4. **NEW BUSINESS**
 - A) **Case # 02-V-16
CAD AQUISTAIONS, LLC
80 MORNINGSIDE DRIVE
Zoning: R-1C**

Applicant is seeking an after-the-fact variance in order to waive the required minimum finished floor elevation.

- B) **Case # 03-V-16
665 MOKENA PARTNERS, LLC/STEVE MARIN
665 MOKENA DRIVE
Zoning: NW36**

Applicant is seeking a variance in order to construct a new 120 room hotel.

5. **OLD BUSINESS**

None.
6. **ADJOURNMENT**

The decisions of the Board of Adjustment may be appealed to the Board of Appeals pursuant to Code
Section 150.113. Any person appealing any decision may need to ensure that a verbatim record is made
of the proceedings, which record includes the testimony and evidence upon which the appeal is made.
(F.S. 286.0105)

City of Miami Springs, Florida

The **Board of Adjustment** met in Regular Session at 6:30 p.m., on Monday, January 4, 2016 in the Council Chambers at City Hall.

1) Call to Order/Roll Call

The meeting was called to order at 6:31 p.m.

The following were present:

- Juan Molina
- Bill Tallman
- Bob Calvert
- Alejandro Gonzalez

Absent:

- Chairman Manuel Pérez-Vichot
- Vice Chair Ernie Aloma

Also present:

- City Attorney Jan K. Seiden
- Planning and Zoning Director Chris Heid
- Board Secretary Juan D. Garcia

In the absence of Chairman Perez-Vichot and Vice Chair Aloma, Board member Tallman, the longest serving board member that was present, served as Chairman.

2) Approval of Minutes

The minutes for the November 2, 2015 meeting were tabled until the next Board of Adjustment meeting due to the absence of Chairman Perez-Vichot and Vice Chair Aloma.

3) Swearing In of All Witnesses and Zoning and Planning Director:

Board Secretary Garcia swore in the Zoning and Planning Director, the applicants or representatives of the applicants who would testify should the Board have any questions.

4) New Business:

- A) **Case # 01-V-16
ADRIAN M. GERBER
701 MORNINGSIDE DRIVE
Zoning: R-1B
Lot Size: 12,750 SQ. FT**

Applicant is seeking a variance from Section 150-041 (F) in order to construct an attached screen enclosure in the rear yard of an existing single family home.

Zoning and Planning Director Heid read his recommendation to the Board.

Board member Tallman asked the applicants if they wanted to comment on the project.

Amado Antonio Reyes of 701 Morningside Drive explained that the project would be to add a screened enclosure in the back of the house, facing the lake mainly for his mother-in-law to enjoy the fresh air during the evenings.

Jennifer Reyes of 701 Morningside Drive added that another reason they wanted to put the screen in was because the home is on the lake and they experience a lot of mosquitos and other wildlife in the yard. The screen enclosure would prevent any wildlife from entering the house when they have their doors open.

Zoning and Planning Director Heid commented that the screen enclosure would not only be in a practical location facing the lake, it is aesthetically where you would want to have it as well.

Alternate Board member Gonzalez asked Zoning and Planning Director Heid if the front of the property considered to be on Morningside Drive. Zoning and Planning Director Heid responded that the narrow portion of the lot is considered the front. He added that even if the front door and driveway were on De Leon Drive, it is the narrow portion of the lot that is considered the front.

Board member Tallman asked the Board if there were any other comments and there were not.

Board member Molina moved to approve the variance subject to the conditions recommended by Staff. Alternate Board member Gonzalez seconded the motion which was carried 4-0 on roll call vote.

City Attorney Seiden advised the applicants of the 10 day appeal period.

5) Old Business: None.

6) Adjournment

There was no further business to be discussed and the meeting was adjourned at 6:41 p.m.

Respectfully submitted:

Juan D. Garcia
Board Secretary

Adopted by the Board on
this ____ day of _____, 2016.

Manny Perez-Vichot, Chair

Phone: (305) 805-5030
Fax: (305) 805-5036

MEMORANDUM

TO: Board of Adjustment

FROM: Christopher Heid, City Planner

DATE: April 4, 2016

SUBJECT: Application for Variance

CASE # 02-V-16

APPLICANT: CAD Acquisitions, LLC

ADDRESS: 80 Morningside Drive

ZONING DISTRICT: R-1C, Single Family Residential

REQUEST:

1. The applicant is seeking an after-the-fact variance from Section 154-31 (A) in order to waive 0.33 feet (four inches) of the minimum finished floor elevation of 8 feet. (Approval of a minimum finished floor elevation of 7.67 feet requested).

THE PROPERTY: The property is rectangular in shape, with 50 foot of frontage on Hibiscus Drive and a depth of 112 feet on Morningside Drive, for a total lot area of 5,600 square feet. The property abuts an alley at the rear.

THE PROJECT: The subject building is a newly constructed 1,630 square foot one story single family house with four bedrooms and three bathrooms.

During plan review, a previous building official noticed a discrepancy between the plans drawn by the architect, which showed a minimum finished floor elevation of 7.67 feet, and those drawn by the structural engineer, which showed a minimum finished floor elevation of 8.4 feet. (The actual minimum finished floor elevation for this property is eight feet). The building official required that this discrepancy be corrected.

However, instead of raising the architect's plans to 8.4 feet to meet (and exceed) the city's code, the structural engineer's plans were lowered to 7.67 feet, below the city's requirements. The two sets of plans were then in agreement, but the building official did not notice that they had fallen below the minimum code requirement. The permits were issued, and the house was constructed accordingly.

The problem with the minimum finished floor elevation was detected by the current Building Official during the final inspection. A Temporary Certificate of Occupancy (TCO) has been issued while the applicants go through the variance process.

ANALYSIS: Base elevations are established by the Federal Emergency Management Agency (FEMA). The minimum base elevation of this property is established at seven feet. However, the City's code requires that the minimum finished floor elevation must be one foot above the FEMA requirement. And, at 7.67 feet, the base elevation exceeds the FEMA requirement.

The requested elevation waiver is minor in nature, and requiring its correction would be an extreme hardship.

RECOMMENDATION: It is recommended that the request for variance be approved, subject to the following condition:

1. Any variances granted either by the Board of Adjustment or by the City Council shall be null and void if the applicant does not obtain a building permit and commence construction within one year of the date of the granting of the variance. If unusual circumstances exist, the variance may be extended by the Board of Adjustment or the City Council, whichever granted the variance, for an additional six-month period. No extensions beyond the time periods specified above are authorized.

SECTION D - SURVEYOR, ENGINEER, OR ARCHITECT CERTIFICATION (CONTINUED)

Copy both sides of this Elevation Certificate for (1) community official, (2) insurance agent/company, and (3) building owner.

Comments: **Elevation shown on C2E, if any refers to A/C Compressor Unit**

Crown of road Elevation at C/L intersection: 6.81 feet.-

Lat. and Long. were taken using a GPS Locator

Signature:  Date: **Jan. 06, 2016**

SECTION E - BUILDING ELEVATION INFORMATION (SURVEY NOT REQUIRED) FOR ZONE AO AND ZONE A (WITHOUT BFE)

For Zones AO and A (without BFE), complete Items E1-E5. If the Certificate is intended to support a LOMA or LOMR-F request, complete Sections A, B, and C. For Items E1-E4, use natural grade, if available. Check the measurement used. In Puerto Rico only, enter meters.

- E1. Provide elevation information for the following and check the appropriate boxes to show whether the elevation is above or below the highest adjacent grade (HAG) and the lowest adjacent grade (LAG).
- a) Top of bottom floor (including basement, crawlspace, or enclosure) is _____ ☐ feet ☐ meters ☐ above or ☐ below the HAG.
- b) Top of bottom floor (including basement, crawlspace, or enclosure) is _____ ☐ feet ☐ meters ☐ above or ☐ below the LAG.
- E2. For Building Diagrams 6-9 with permanent flood openings provided in Section A Items 8 and/or 9 (see pages 8-9 of instructions), the next higher floor (elevation C2.b in the diagrams) of the building is _____ ☐ feet ☐ meters ☐ above or ☐ below the HAG.
- E3. Attached garage (top of slab) is _____ ☐ feet ☐ meters ☐ above or ☐ below the HAG.
- E4. Top of platform of machinery and/or equipment servicing the building is _____ ☐ feet ☐ meters ☐ above or ☐ below the HAG.
- E5. Zone AO only: If no flood depth number is available, is the top of the bottom floor elevated in accordance with the community's floodplain management ordinance? ☐ Yes ☐ No ☐ Unknown. The local official must certify this information in Section G.

SECTION F - PROPERTY OWNER (OR OWNER'S REPRESENTATIVE) CERTIFICATION

The property owner or owner's authorized representative who completes Sections A, B, and E for Zone A (without a FEMA-issued or community-issued BFE) or Zone AO must sign here. The statements in Sections A, B, and E are correct to the best of my knowledge.

Property Owner or Owner's Authorized Representative's Name _____

Address _____ City _____ State _____ ZIP Code _____

Signature _____ Date _____ Telephone _____

Comments _____

☐ Check here if attachments.

SECTION G - COMMUNITY INFORMATION (OPTIONAL)

The local official who is authorized by law or ordinance to administer the community's floodplain management ordinance can complete Sections A, B, C (or E), and G of this Elevation Certificate. Complete the applicable item(s) and sign below. Check the measurement used in Items G8-G10. In Puerto Rico only, enter meters.

- G1. ☐ The information in Section C was taken from other documentation that has been signed and sealed by a licensed surveyor, engineer, or architect who is authorized by law to certify elevation information. (Indicate the source and date of the elevation data in the Comments area below.)
- G2. ☐ A community official completed Section E for a building located in Zone A (without a FEMA-issued or community-issued BFE) or Zone AO.
- G3. ☐ The following information (Items G4-G10) is provided for community floodplain management purposes.

REVISIONS

[illegible]

GENERAL

1. ANY CHANGES NOTED ON PLANS OR IN THE SPECIFICATIONS, THE FOLLOWING GENERAL PRINCIPLES SHALL APPLY TO THIS PROJECT:

A. STRUCTURAL CHANGES SHALL BE SUBMITTED TOGETHER WITH THE ARCHITECTURAL, MECHANICAL, ELECTRICAL, AND PLUMBING CHANGES TO THE ARCHITECT FOR REVIEW AND APPROVAL. THE ARCHITECT'S REVIEW SHALL BE SUBMITTED TO THE ATTENTION OF THE ARCHITECT FOR REVIEW AND APPROVAL. THE ARCHITECT'S REVIEW SHALL BE SUBMITTED TO THE ATTENTION OF THE ARCHITECT FOR REVIEW AND APPROVAL.

B. ANY CHANGES TO THE PLANS, SPECIFICATIONS OR OTHER DOCUMENTS, THE CONTRACTOR SHALL BE RESPONSIBLE FOR THE CORRECTION OF ANY ERRORS OR OMISSIONS PRIOR TO THE SUBMITTAL OF THE CHANGES TO THE ARCHITECT FOR REVIEW AND APPROVAL. THE CONTRACTOR SHALL BE RESPONSIBLE FOR THE CORRECTION OF ANY ERRORS OR OMISSIONS, AND THE COST OF RECEIVING THE SAME.

C. ANY CHANGES TO THE PLANS, SPECIFICATIONS OR OTHER DOCUMENTS, THE CONTRACTOR SHALL BE RESPONSIBLE FOR THE CORRECTION OF ANY ERRORS OR OMISSIONS, AND THE COST OF RECEIVING THE SAME.

D. ANY CHANGES TO THE PLANS, SPECIFICATIONS OR OTHER DOCUMENTS, THE CONTRACTOR SHALL BE RESPONSIBLE FOR THE CORRECTION OF ANY ERRORS OR OMISSIONS, AND THE COST OF RECEIVING THE SAME.

THIS DESIGN IS BASED ON THE 1990 EDITION OF THE FLORIDA BUILDING CODE. ALL RETRANSMISSION CODES AND SPECIFICATIONS SHALL BE THE LATEST EDITION AT THE TIME OF PERMIT.

1. WIND LOADS SHALL BE BASED ON THE FOLLOWING:
- a. WIND LOAD CATEGORY: II
- b. BASIC WIND VELOCITY: 100 MPH AT A HEIGHT OF 30 FEET PER ASCE 7-10.
- c. WIND LOAD CONTROLS.

FOUNDATIONS

ALL WORK SHALL BE DONE IN ACCORDANCE WITH THE LATEST EDITIONS OF ALL APPLICABLE SPECIFICATIONS AND STANDARDS. THE CONTRACTOR SHALL BE RESPONSIBLE FOR OBTAINING ALL NECESSARY PERMITS AND APPROVALS FROM THE APPROPRIATE AGENCIES.

AT THE TIME OF CONSTRUCTION, A REGISTERED ARCHITECT OR PROFESSIONAL ENGINEER SHALL VISIT TO THE BUILDING OFFICIAL A LETTER ATTESTING THAT THE SITE CONDITIONS HAVE BEEN OBSERVED AND THE FOUNDATION CONDITIONS ARE SIMILAR TO THOSE UPON WHICH THE DESIGN IS BASED.

ALL TOP OF FOOTINGS TO BE A MINIMUM 1'-0" BELOW THE BOTTOMS OF CONCRETE SLAB ON GRADE OR MINIMUM 1'-6" BELOW FINAL GRADE UNLESS OTHERWISE NOTED ON PLANS.

WE BELIEVE THIS FABRIC, TYPICAL UNLESS OTHERWISE NOTED ON PLANS, PROVIDES VAPOR BARRIER.

CONCRETE

1. CONCRETE DESIGN AND REINFORCEMENT IN ACCORDANCE WITH BUILDING CODE REQUIREMENTS FOR REINFORCED CONCRETE (A.C.I. 318) AND WITH "DETAILS AND DETAILING OF CONCRETE REINFORCEMENT" (A.C.I. 309).
2. FOR ALL CONCRETE TO BE PLACED IN SLABS (INCLUDING SLABS ON GRADES), THE SLUMP SHALL NOT EXCEED FOUR (4) INCHES. NO WAIVERS OF THIS REQUIREMENT SHALL BE CONSIDERED. ALLOW FOR OTHER

4. SPECIFIED EXPANSION BOLTS SHALL BE OF THE SIZE INDICATED AND OF THE MANUFACTURER LENGTH INTO THE CONCRETE. EXPANSION BOLTS AND ACCESSORIES SHALL BE IN 1/2" DIA. BOLTS, AS SPECIFIED. LEAD WELDS ARE NOT ACCEPTABLE. BUSHING BOLTS OR CHEMICAL ADHESIVE ANCHORS SHALL NOT BE SUBSTITUTES FOR SPECIFIED THROUGH ANCHOR BOLTS UNLESS THE ENGINEERING APPROVAL.

1. ALL LUMBER TO HAVE A STRENGTH GRADE OF 1000 PSI OR GREATER FOR FINAL DRYING. MOISTURE IN EXCESS OF 19%.
2. ALL STRUCTURAL LUMBER SHALL BE MINIMUM 2 GRADE SOUTHERN PINE.
3. ALL LUMBER IN CONTACT WITH MASONRY SHALL BE PRESURE TREATED.

6. REINFORCEMENTS, FABRICATED IN ACCORDANCE WITH MANUAL OF STANDARD PRACTICE OF THE EARTH, AND PLACED IN ACCORDANCE WITH ACT. 30 AND ACT. MANUAL OF STANDARD PRACTICE.
7. COLD RISE FABRIC SMALL CONCRETE TO 40% A-100.
8. COLUMN REINFORCEMENT, DOBELS TO BE 40% RITE AND NUMBER AS VERTICALLY ABOVE. LAP 30 BAR DIAPHRAGM OR TRIMMUP OF 30. MINIMUM IS GRATER.
9. ALL DOBELS FOR COLUMNS AND WALLS TO BE INCURED IN POSITION PRIOR TO CONCRETING. DRILLING OR ANNUING THE DOBELS INTO POSITION IN SET CONCRETE IS NOT PERMITTED.
10. CONCRETE CURE TO REINFORCING STEEL, UNLESS OTHERWISE DETAILED ON PLANS.

c. BLADES: IN TO STEELPIPS.
d. BLADES ON GRASS: 2" MEASURED FROM TOP OF BLADE.
e. BLADE, PLANT AND WALL MEASUREMENT SHALL BE LIMITED TO A FIFTH OF 40 BAR DIAMETERS FOR TENNIS, 30 BAR DIAMETERS FOR COMPRESSION, BUT NEVER LESS THAN 30". UNLESS IT IS GREATER, BOTTOM BAND SHALL BE ONLY 4" AT TENNIS. TOP BANDS APPLIED ONLY AT TENNIS. ALL TOP BANDS WORKED AT NON-CONTINUOUS EDGES. RIGIDLY ALL WORKS TO THE STANDARD AND DECREASES OR INCREASES HOOKS ARE REQUIRED UNLESS OTHERWISE NOTED.

2. HOLLOW BLOCK SMALL COMPLY WITH ASTM C90, TYPE I, AND GRADE N-1.
3. MORTAR SMALL COMPLY WITH ASTM C27, TYPE I, WITH A HORIZONTAL COMPRESSIVE STRENGTH AT 28 DAYS OF 2000 PSI, LAY WITH EIGHT PORTLAND CEMENT ON BOTH HORIZONTAL AND VERTICAL JOINTS.
4. MINIMUM HORIZONTAL JOINT REINFORCEMENT SHALL BE PROVIDED AT EVERY SECOND COURSE IN VERTICAL JOINTS. REINFORCEMENT SHALL BE 1/2" DIA. STEEL BARS WITH 12" ON CENTER.
5. FOR FINISHING AND FINISHED SURFACE, REPAIRS SHALL BE PROVIDED AT EVERY SECOND COURSE IN VERTICAL JOINTS. REINFORCEMENT SHALL BE 1/2" DIA. STEEL BARS WITH 12" ON CENTER.

6. REINFORCEMENTS, FILL ALL CELLS WITH 1000 PSI CONCRETE OR ABOUT ONE PART FOR SIZE AND SPECIES OF VERTICAL REINFORCING. PROVIDE STANDARD HOOKS FOR ALL NON-CONTINUOUS REINFORCEMENT.
7. GROUT SHALL BE A 1:2 ASTC MIX HAVING A MAXIMUM SLUMP OF 5" ± 1.
8. JOINTS SHALL BE A CASTING OPERATION IN LIFT NOT EXCEEDING 4' ± AND A MAXIMUM POUR OF 7' ±.
9. MAGNETIC COMPRESSIVE STRENGTH 1% = 1000 PSI.

- ANCHORAGE, CONNECTIONS, TRUSS LOCATIONS AND OTHER NECESSARY TEMPORARY AND PERMANENT FABRICATION AND ERECTION INFORMATION.
2. ALL STRUCTURAL STEEL TO BE DOMESTIC A36/A36M (Fy = 36 ksi/248 MPa) DESIGNED IN ACCORDANCE WITH THE LATEST AISC "SPECIFICATION FOR THE DESIGN, FABRICATION AND ERECTION OF STRUCTURAL STEEL FOR BUILDING" AND THE AISC CODE OF STANDARD PRACTICE.
3. ALL WELDING TO BE IN ACCORDANCE WITH THE AISC LATEST "STRUCTURAL WELDING CODE - STEEL"; (A515/A515M, D01)
4. RAINWATER ALL FELD JOINTS AND SURROUNDING AREA WITH TWO (2) COATS OF ZINC BASED PAINT.

$$M/Y = Y^* \cdot Q^*$$
$$M/Y = Y^* \cdot Q^*$$
 $\psi^* = \psi^\dagger$

Visual inspection of site indicates a soil bearing capacity of 2000 p.s.f. (undisturbed sand and/or silt). The architect or engineer of record will visit site to ground breaking, and provide a written certification that the foundation soil conditions are similar to those upon which design is based.

ALL BUILDINGS SHALL HAVE PEST CONSTRUCTION TREATMENT PROTECTION AGAINST SUBTERRANEAN TERMITES AS PER FPC BQ. A CERTIFICATE OF COMPLIANCE SHALL BE ISSUED TO THE BUILDING OFFICE BY THE LICENSED PEST CONTROL COMPANY. IF THE BUILDING HAS RECEIVED A COMPLETE TREATMENT FOR THE PREVENTION OF SUBTERRANEAN TERMITES, TREATMENT IS IN ACCORDANCE WITH RULES AND LAWS ESTABLISHED BY THE FLORIDA DEPT OF AGRICULTURE AND CONSUMER SERVICES.

Miami Springs, FL 33166-5289
Phone: (305) 805-5030
Fax: (305) 805-5036

MEMORANDUM

TO: Board of Adjustment

FROM: Christopher Heid, City Planner

DATE: April 4, 2016

SUBJECT: Application for Variance Approval for the Construction of a Hotel.

CASE # 03 -V-16

APPLICANT: Mokena Partners, LLC

ADDRESS: 665 Mokena Drive

REQUEST: Applicant is requesting variances in order to construct a 69,538 square foot, 120 room hotel.

Variance is as follows:

1. Requests variance from Section 150-16 (E) to waive six of the minimum required 70 parking spaces. (Provision of 64 parking spaces proposed).

THE PROPERTY: The property is roughly square in size, with 175 foot of frontage on Mokena Drive, and a depth of 183 feet, for a total lot size of 32,130 square feet, or 0.737 acres. The property is located just north of NW 36 Street. There is a 16 alleys abutting the property at the rear (east).

THE PROJECT: The applicant is proposing the construction of an eight story hotel with 120 rooms, and a total building size of 69,538 square feet. (FAR of 2.16).

The site is accessed from two curb cuts on Mokena Drive that access a covered porte-cochere with decorative brick pavers. The site contains 71 surface parking spaces, two short of ordinance requirements. Most of the spaces are open air, although a couple of dozen are located under, or partially under, the building. In

addition, Mokena Drive would be improved with curbing, and the creation of two new public parallel parking spaces.

The ground floor of the hotel is mostly made up of back of house operations, including maintenance, mechanical rooms, linens, laundry and an employee lounge. This area also includes a "jump lobby", a small area that welcomes guests who then take elevators to the actual lobby on the second floor with reception and check in.

As noted, the second floor contains the lobby, meeting room, fitness area, breakfast area, food preparation and service, a business center, and offices for hotel employees, as well as a terrace and swimming pool.

Floors three through eight are typical floors, with 20 rooms per floor, a mix of double queen, king, king suite, and accessible rooms.

The building is of CBS construction, with bands of windows at the front of the building, and individual windows elsewhere. A stucco parapet at the roofline is of sufficient height to screen all rooftop equipment.

However, the building as submitted is unfinished and lacks detail, including building materials and colors. New architectural drawings are being worked on, and will be reviewed and approved by staff at that time.

ANALYSIS: The variance proposed is minimal in nature, and should not have any negative effect on the property or surrounding properties. In addition, two public parking spaces have been provided in the swale area in front of the building.

The proposed hotel would replace an old two story warehouse built in 1950. In its place would be an eight story, 69,538 square foot hotel with 120 guest rooms, more fully realizing the parcel's potential, adding a new hotel to the City's inventory, while enhancing the NW 36 Street corridor specifically, and the City generally.

In addition, the hotel would provide numerous short term construction jobs, long term hotel jobs, and benefit other hotel service providers.

RECOMMENDATION: It is recommended that the request for variances be approved, subject to the following conditions.

1. Plans shall substantially comply with those submitted, as follows:

- Survey, by Pulice Land Surveyors, Inc. dated March 3, 2015
- Sheet SP-1, Architectural Site Plan, by Phillips Architects, dated, signed and sealed November 5, 2015.

- Sheet SP-2, Pool, Enlarged Plan & Details, by Phillips Architects, dated, signed and sealed November 5, 2015.
- Sheet A-1.1, Floor Plan Level 1, by Phillips Architects, dated, signed and sealed November 5, 2015.
- Sheet A-1.2, Floor Plan Level 2, by Phillips Architects, dated, signed and sealed November 5, 2015.
- Sheet A-1.3, Floor Plan Level 3-5, by Phillips Architects, dated, signed and sealed November 5, 2015.
- Sheet A-2.1, Roof Plan, by Phillips Architects, dated, signed and sealed November 5, 2015.
- Sheet A-4.1, Exterior Elevations, by Phillips Architects, dated, signed and sealed November 5, 2015.
- Sheet A-4.2, Exterior Elevations, by Phillips Architects, dated, signed and sealed November 5, 2015.
- Sheet A-5.1, Building Sections, by Phillips Architects, dated, signed and sealed November 5, 2015.
- Sheet A-5.2, Building Sections, by Phillips Architects, dated, signed and sealed November 5, 2015.
- Sheet LP-1, Landscape Plan, by Phillips Architects, dated October 16, 2015, revised on November 5, 2015, and signed and sealed N.D.
- Sheet C-3, Paving-Grading-Drainage Plan and Notes, by Consulting Engineering & Science, INC., dated June 22, 2015, signed and sealed November 4, 2015.
- Sheet C-7, Water & Sewer Plan, by Consulting Engineering & Science, INC., dated July 31, 2015, signed and sealed November 4, 2015.

Substantial compliance shall be at the sole determination of the City.

2. Any variances granted either by the Board of Adjustment or by the City Council shall be null and void if the applicant does not obtain a building permit and commence construction within one year of the date of the granting of the variance. If unusual circumstances exist, the variance may be extended by the Board of Adjustment or the City Council, whichever granted the variance, for an additional six-month period. No extensions beyond the time periods specified above are authorized.
3. All curbing shall be Miami-Dade County Type "D". All landscaped areas must be enclosed with said curbing.
4. Any freestanding sign must be a monument type only, the design of which must be approved by staff.
5. All wall signage shall be of flush mounted channel letters only, or other individual letter type signs to be approved by staff.

6. Parapet shall be of sufficient height to screen all rooftop equipment, excluding stair and elevator towers.
7. Final architectural plans shall be submitted to, and approved by staff prior to the issuance of a building permit.

Planning and Zoning Dept.
City of Miami Springs
201 Westward Drive
Miami Springs,FL 33166

Re: Letter of Intent-Comfort Inn & Suites 665 Mokena Drive.

Dear Mr.Heid:

Please consider this our formal letter of intent for a public hearing application before the City of Miami Springs Zoning and Planning Board of the above-referenced Property.

665 Mokena Partners,LLC is the owner of the property located at 665 Mokena Drive Miami Springs,FL 33166. The Property is currently occupied by a warehouse/office building which is proposed to be demolished as part of this application (photos attached.)

The purpose of the proposed application is to develop a 70,000 sq ft. 120 room hotel, bringing a Comfort Inn & Suites to Miami Springs. Comfort Inn & Suites is a division of Choice Hotels International, one of the largest and most successful franchisors in the world. We are excited to bring this brand new project to the City as the location of the hotel, its proximity to the Miami International Airport , and its range of services will compliment the existing and surrounding uses in the area. Comfort Inn & Suites is a preferred lodging choice for both the business and leisure traveler, and the property is in the perfect location for the hotel.

The subject property falls under the zoning transect NW 36 st. district which specifically lists hotels as a permitted use. Therefore, the proposed use is consistent with both the City's comprehensive plan and the City's zoning code and the addition of the proposed new hotel meets the intent of the ordinance. We have had a chance to review the project with Chris Heid. Our first iterations of the project were well received with comments that have been noted and reflected in our current plans.

I.Requests

In connection with the application we are proposing the following request:

1. A variance to permit a total of 68 parking spaces on site, where a total of 70 parking spaces is required under the City Code.

II. Justification of Request

We are requesting a variance to allow a total of 68 parking spaces where a total of 70 parking spaces are otherwise required. The name of the zoning district recognizes its unique location in proximity to the Miami International Airport along NW 36 st. The Property's location, coupled with the additional transportation services provided by the hotel supports the request for a variance of the number of parking spaces otherwise required under the Code.

Because of the Property's strategic location, many guests of the hotel arrive through Miami International Airport and either travel to the hotel via taxis, Uber, Lyft, or utilize the convenient service of the hotel's complimentary 24 hour per day shuttle that runs on demand. We are experienced hoteliers doing business in the City of Miami Springs since 1978 and have monitored and continue to monitor the parking utilization in this market. We are confident that the variance for the number of parking spaces will not affect this project or the hotel operations in any way.

Additionally, the proposed hotel will service many cruise ships by providing pre and post hotel stays, including transfers to and from the seaport and airport. An outside transportation company is also contracted to transport the individuals which further avoids the need for individual vehicle use.

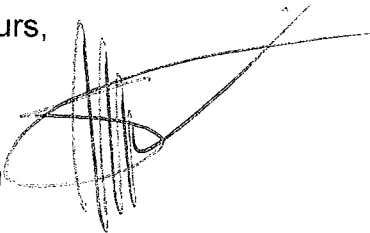

III. Conclusion

Based on the foregoing, the proposed development is an ideal use along NW 36th Street due to its proximity to the Miami International Airport and other attractions within Miami-Dade County. This project intends to create over 100 construction jobs during the construction phase along with 50 permanent jobs once the hotel opens. The proposed hotel will be a positive addition to the Miami Springs community both aesthetically and economically and we look forward to working with the City for the 3rd time to bring another quality new development to the City of Miami Springs.

If you have any questions or require any additional information regarding the above, please feel free to contact me at (305) 888-8404.

Very truly yours,

Steven Marin
